PROFESSIONAL SUMMARY:

Data Analyst with 2+ years of experience in data analysis, reporting, dashboard development and business intelligence. Proficient in SQL, Power BI, Tableau, Python and Advanced Excel with hands-on experience in data cleaning, transformation, visualization & automation. Strong ability to convert complex data sets into actionable business insights & collaborate with cross-functional stake holders to support data-driven decision-making.

PROFESSIONAL EXPERIENCE:

Data Analyst | India | Aug'24-Present

- Analyzed large datasets using SQL, Python and Excel to identify business trends, performance gaps & actionable insights.
- Developed and maintained Power Bi dashboards, tracking KPIs, operational metrics & business performance for key stakeholders.
- Built complex SQL queries using joins, CTEs, sub queries, aggregation & window functions for data extraction & analysis. Performed data cleaning, validation & transformation to improve data quality & reporting accuracy.
- Automated recurring reports & manual data processing activities, reducing reporting time by 35%.
- Collaborated with business & cross-functional teams to understand requirements & translate them into analytical solutions.
- Generated actionable insights that contributed to 27% improvement in sales / 45 hours of monthly effort saved.

Computer Trainer | Post Graduate Teacher | Sep'22-Aug-24

- Worked as PGT Computer Science at PM Shri Kendriya Vidyalaya, Cantt, Kanpur. (Apr'23-Feb'24)
- Worked as PGT Computer Science at SBVM Inter College, Kanpur. (Sep'22-Aug'24)
- Founder of '**Liqorous Jerry Learning Solutions**' in the field of education & training since Aug'2020.
 - Delivered instruction for senior secondary students, aligned with CBSE Board curriculum & academic objectives. Covering Python, SQL, DBMS, Computer Networks, DSA and Cyber Security.
 - Maintained academic records and collaborated with faculty and management on examinations, academic planning & technology-related activities.
 - Mentored over 500+ senior secondary students in python problem solving, SQL, DBMS & CS Projects, board examination preparation with a 100% overall pass rate.
 - Analyzed student performance data using Excel to identify learning gaps, track KPIs & develop targeted intervention plans, resulting in a 37% improvement in average assessment performance.
 - Improved average programming assessment scores by 40% through data-driven performance tracking, targeted revision & personalized mentoring.

TECHNICAL SKILLS:

- **DB & Analysis:** Data Cleaning | Data Transformation | EDA | Statistical Analysis | KPI Analysis
- **SQL:** Joins | CTE | Sub-queries | Window Functions | Aggregation | Query Optimization
- **Visualization:** Power BI | Tableau | Interactive Dashboard Development
- **Programming:** Python | Pandas | Numpy | Matplotlib | C | C++
- **MS-Excel:** Advanced Excel | Pivot Tables | XLOOKUP/VLOOKUP | Conditional Formatting
- **Power BI:** DAX | Power Query | Data Modelling | Data Reporting
- **Academic:** Curriculum Development | Classroom Management | Project-Based Learning
- **Google Data Studio/Looker:** Data Blending | Custom reports | Insights presentation | Dashboards

- **KEY PROJECTS:**

- **Lead Score Case Study:** An Education Company selling online courses has a conversion rate at 30%. Analyzed the financial benefit analysis where the revenue can be generated and where the profitability can be improved up-to 70% from different sources of lead generation.
- **Clustering Assignment:** Help International NGO for identifying poor countries which require monetary aid using the python libraries.
- **Bike Sharing Assignment:** Built a model which has significant impact on the sales of the company using linear regression.
- **Credit Case Study:** A Financial company which lend loans wants to identify the variables for loan default using EDA Uni and Bi variate Analysis.
- **IMDb Case Study:** Performed data analysis, used Data Visualization libraries in python (Matplotlib, Seaborn)

EDUCATION:

- **Post Graduation Diploma In Data Science**
IIIT-Bangalore, IN: Jan'21-Mar'22
- **Bachelor Of Technology In Computer Science & Engineering**
Dr. APJ Abdul Kalam, Technical University, Lucknow, IN: Aug'15-June'19

CERTIFICATIONS:

- Microsoft Power bi & Tableau: SkillNation
- SQL Certification: UPTEC
- Python for Data Analyst: Upgrad

ACHIEVEMENTS:

- Award of achievement from UPTEC, ALD for successfully completing '**Database Management & Project Maintenance**' as a part of Oracle Training & Development Program.
- Among **top 1%** local guide in GOOGLE LOCAL GUIDE program. **(L9)**
- Certified for **Ad-words** in fundamental and display advertising by GOOGLE in GOMC'17.
